

DELIVERING TRUST

ABOUT US

Shaurya Global (SG) is delivering trust, Trust is of Paramount importance in all business. We established mutual trust and respect with both suppliers and customers to ensure that only quality products will be delivered in a timely manner.

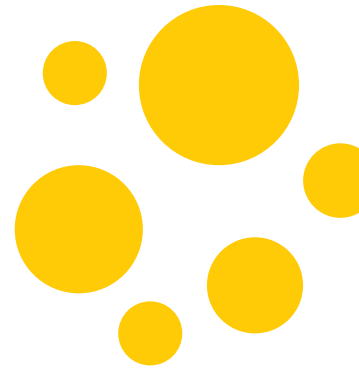

Ideally located in prime agriculture areas of India, we are best situated to choose from the finest selections from the most arable lands and we cater to the sourcing and supply requirements of our clients around the world. We strive to utilize our experience in bridging the gap between the market's needs and available resources. By bridging the supply chains from farmers to consumers Shaurya Global aims to be a medium of the change.

EXPERIENCE

Over the years, we have built a solid base in origination. We have been actively sourcing agriculture commodities from the farm to processing and storing them. To manage the risks at each stage, we work with suppliers who are integrated producers for the essential commodities, major commercial merchandisers and international trading houses with a vast network and know-how.

SHIPPING & LOGISTICS

In trading, having strong partners in logistics is the key to success. Transporting agriculture commodities can be a challenge when it comes to perishable products. We handle every contract efficiently and this starts from selecting the right shipping companies to delivering them to our customer in a timely manner.

RISK MANAGEMENT

Risk Management plays an important role in our trading activities. We believe the key to managing risks starts with having access to proper tools and market information. We are constantly evaluating our exposures, trading limits, market changes, credits valuations and counter-party risks and obligations.

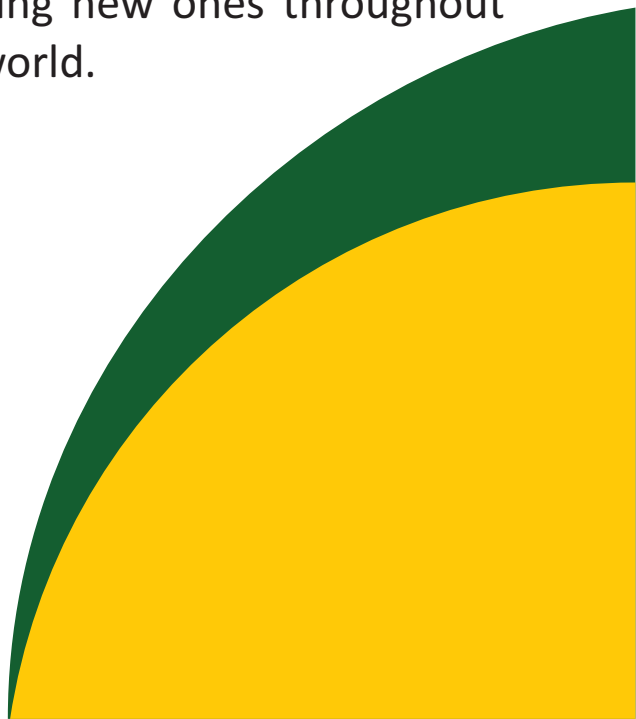

OUR MISSION

Shaurya Global's Purpose is to deliver excellence in trading to our stakeholders, associates, customers, vendors and the large community, which we believe, will guarantee our own long-term prosperity.

OUR VISSION

We are dedicated to success and Expanding our trading network, by strengthening existing relationship and forming new ones throughout the world.

PRODUCTS

● RICE

“Our practiced hands create the perfect rice”

We are one of the leading exporters of all verity of Rice in different packing. Our Quality Rice is exported widely and has a large number of satisfied customers throughout the country and abroad.

● WHEAT

“Good bread is a great need in poor homes, and often-times the best appreciated luxury in the homes of the very rich.”

The exotic collection of company’s superior wheat grains and whole grains variety is the perfect choice of every household. The wholesome Indian wheat grains are rich in taste and nutrition.

We are one of the leading exporters of Milling wheat and Machine clean wheat. Our Milling wheat is exported widely and has a large number of satisfied customers throughout the country and abroad.

● SPICES

SPICES: “A tickling treat for your taste”

India, a country that is rich in heritage and tradition, is well known all over the world for its spices. No one can do without Indian spices as they have ruled over the minds and hearts of all, around the world. India was the nerve centre of the spice trade and it is these very spices that led to various countries invading India as well as the discovery of the Americas by Columbus.

Shaurya Global spices give food its best taste and flavour. It provides a variety of spices and these spices are natural from the way they are grown to how they are steam treated, blended and packaged. Pride and care go into each product. No preservatives and colourants are added.

Indian spices – **Cumin, Saffron, Ginger, Coriander Powder, Turmeric, Red Chillies.**

The key to our success has been the combination of a fantastic product, together with a competitive pricing model, and thus markets around the world have given our natural range of products a welcome to their shelves and into their meals. This has created long lasting customer value.

● MAIZE

In India, Yellow Maize is emerging as third most important crop after rice and wheat, Maize has its significance as a sources of large number of industrial products besides its uses as human food and Animal feed.

We are one of the leading exporter of yellow maize/corn for animal feed, human consumption (machine clean) with the largest supplier network spread throughout india, catering every part of the world.

● BAJRA & MILLET

Millet is one of the most nutritious and easily digested of all grains.

India is the world's leading producer of millet and majority of its millet harvest is used for animal and poultry fodder as well as alcohol production. After global presence in the following cereals like Rice, Wheat, Corn, Soybeans etc., we are regularly exporting carefully cleaned and processed organic millet, white millet, millet plant, millet seed, brown top millet, millet grain, red millet to Middle East, Africa and other parts of the globe.

PULSES

We are dealing in the following types of pulses and its by products:-

- Lentil (Masoor) – Black/Red/Split

- Chick Peas (Kabuli Chana)

PULSES IMPORT

We are the importers of all types of pulses like peas from Canada, Chick Peas from Australia, Iran, Turkey etc. to meet the requirements of Indian market. The imported pulses are also being re-exported to various countries after being processed in our mills having ultramodern techniques. We are bulk importers of pulses with very large storage & warehousing capacities and a nation-wide domestic distribution network.

SORGHUM

Sorghum has been, for centuries, one of the most important staple foods for millions of poor rural people in the semi-arid tropics of Asia and Africa. It is recognized to be the most important farm crop behind corn, soybeans and wheat. Sorghum is now finding demand primarily as poultry feed, secondarily as cattle feed and in brewing applications.

After global presence in the following cereals like Rice, Wheat, Corn, Soybeans etc, we are regularly exporting finest varieties of sorghum to Africa and other parts of the globe.

Shaurya Global is leading exporter of sorghum, white sorghum, yellowish sorghum, sorghum seed and pure sorghum in bulk and PP Bags packing.

● MEALS (RAPESEED, SOYA AND RICE BRAN)

Soyabean and Rapeseed holds a very important position in the Indian agriculture and economy. Indian soya meal is considered to be one of the premium soya meals and the European and Asian countries prefer to use it than any other soya meal. India exports approximately 65% of the total soya meal produced and have turned out to be one of the largest exporters of Soyabean Meal and Rapeseed Meal

We provide you the best quality Soyabeans / Rapeseeds and its meal products at best rates despite the volatilities in the market by taking care of the factors that influence the market.

Besides soyabean meal, we also deal in sunflower extraction, rice bran etc.
